## QUATRO® COMFORT PLUS BOOT (13")

Model #FRS3

Backed by over 80 years of footwear manufacturing expertise, the Quatro® Boot is hand-built specifically for the agribusiness industry and designed with the highest level of comfort and durability.

- Adjustable side gusset to fit wider calves and heavy pants
- Ergonomically designed to support the foot and prevent heel slip
- Rubber formulations developed specifically for agricultural conditions
- Pull tab and kick lug for easy on and off
- Fully clad, UV resistant natural rubber upper
- 4MM CR-Foam insulation (comfort range: sub zero to 85° F)
- 4MM wool-felt insulator base
- High abrasion, cupped rubber outsole designed to cushion and spread load
- Forefoot and heel anti-skid zones
- The Quatro® Comfort System Innersole has Poliyou® Opencell Foam, shock absorbing Politec® Pads and odor resistant, moisture wicking, anti-bacterial lining. These insole are included with each pair of boots and also sold separately.
- Hardened rubber toe cap and heel stiffener
- Fiberglass shank for extra stability
- Tapered, mud-releasing cleats
- Available in calf (13") height
- Sizes 3-15
